Hi Chris,

I'm starting now – I was pulled off all the work I had queued up for the last week and ½ - what's new, right? I hope to be done early next week, asap. Thanks, and Happy New Year to all of you too.

Isabella

Hi Isabella – Happy New Year!!! Wondering if you have had an opportunity to evaluate the PCD language and whether you concur that a separate State order to AR for preparation of the RAP for Area 40 is not necessary. Thanks, Chris

Hi All- DTSCs server is down statewide, but our phones work. I am okay conceptually & hope the PCD will work in lieu of an order, but I haven't been able to go through it carefully so I want to make sure I'm not officially agreeing.

I had a great list of what I was going to accomplish today but without computers.....I hope to have an answer by next week if not sooner. Thanks, Isabella

Hi Chris,

Based on our conversation and related discussions with Isabella, DTSC is supportive of proceeding under the Partial Consent Decree through the finalization of the RAP/ROD. It appears that an Implementation Order/Final Consent Decree is necessary to implement the RAP/ROD activities/actions.

Hi Everyone – I wanted to confirm that the information provided has resulted in a decision by the State that a separate order to AR for preparation of the RAP for Area 40 is not necessary. Please confirm. Thanks, Chris

Hi Everyone,

The provision in the 1989 Partial Consent Decree to which we referred as authority to issue an order or enter into an agreement with Aerojet Rocketdyne is Paragraph 22(J) (page 49) . Recovery of oversight costs is provided for in Paragraph 13 of the 1989 PCD. Discussion of the Program Plan Modification Report is the 2001 Modified Partial Consent Decree in Exhibit F Paragraph 12 (page 88). A portion of the draft Revised PPMR relating to Area 40 is also attached.

Let me know if you need anything else.
